Hi Dante,

Sounds good. Just let me know when you have approximate times so we can have the right people there to run the system.

Regards,  
Taurus

Taurus and Jack,

EPA will be in Yerington for an August 16<sup>th</sup> public meeting, and I wanted to take this opportunity to conduct a site inspection the morning after – Wednesday August 17<sup>th</sup>. I would like to inspect the FMS system and the enhanced evaporation system. Would you guys be able to accommodate this? It would be myself and one (possibly 2) other EPA people.

I am copying Jeryl and Dave D. in case they are interested in joining, although I know Jeryl has conducted site visits himself recently. Thank you in advance for your cooperation!
